

CONNECT FOUR OR MEGA 4

Connect Four is an absorbing and challenging game of vertical strategy that's easy to learn and fun to play. Rules are simple. Each player tries to build a row of four playing pieces in the frame - horizontally, vertically, or diagonally - while trying to prevent his opponent from doing the same.

Object of the game

Be the first player to get four of your checkers in a row - horizontally, vertically or diagonally.

Rules

1. Choose who plays first.
2. Each player in his turn drops one of his checkers down any of the slots in the top of the grid.
3. The play alternates until one of the players gets four checkers of his colour in a row. The four in a row can be horizontal, vertical, or diagonal.(See examples).
4. The first player to get four in a row wins.
5. If the board is filled with pieces and neither player has 4 in a row, then the game is a draw.
